EPIFEED[®]-AR Liquid Hatchery Feed

PRODUCT DESCRIPTION

EPIFEED-AR is a unique range of liquid larval hatchery feeds that provide superior hatchery nutrition and enable complete replacement of Artemia usage.

BENEFITS TO AQUACULTURE

- Enhanced nutritional value, attractiveness and digestibility.
- Enables 100% replacement of Artemia.
- Increases biosecurity by eliminating one of the hardest to clean areas in the hatchery.
- Easy to use liquids.
- Major cost benefits by eliminating expensive Artemia and related labor.

MODE OF ACTION

EPIFEED-AR feeds are composed of the finest quality, highly palatable and easily digestible ingredients that are constantly available to larvae, promoting consumption and assimilation of the nutrients and hence optimum larval growth and survival. The unique emulsion form of these products provides neutrally buoyant particles that remain suspended in the water column.

INGREDIENTS

EPIFEED-AR feeds are comprised of marine protein, brewer's yeast, marine olefinic lipids (HUFA), phospholipid, vitamins, micro-nutrients and attractant.

PRODUCT DATA

Parameter	EPIFEED-AR1	EPIFEED-AR2	EPIFEED-AR3
Form	Liquid	Liquid	Liquid
Specific Gravity	1.04	1.04	1.04
pH	5.5	5.5	5.5
Solids Content (% by wt.)	34	34	34
Avg. Particle Size (microns)	50-125	125-400	400-800

PRODUCT SPECIFICATIONS

Parameter	Specification
Protein (% minimum)	14
Lipid (% minimum)	8
Fiber (% maximum)	1.5
Ash (% maximum)	3
Moisture (% maximum)	66

FEEDING SUGGESTIONS

- Avoid over and under feeding by frequently observing larval health, quality and feeding rate to adjust feed quantity.
- Increase feed quantity for at water temperatures above 28°C.
- Adjust rate for Artemia used and animals present.
- 1.0 kg EPIFEED-AR replaces 1.0 kg *Artemia*.
- Use EPIFEED-AR1 up to Mysis3.
- Use EPIFEED-AR2 PL1 to PL12

PRODUCT STORAGE

- Shake well before using
- Do not store continuously at temperatures above 40°C.
- Do not freeze.
- Store out of direct sunlight in a well-ventilated area.
- Once opened use package within one month.

SHELF LIFE: two years if stored as recommended.

PACKAGING

Supplied in cases of 10 one-liter plastic bottles. . Net contents approx. 1 kg.
